

# The Adventures of Colm Sonny-Larry

*Loathsome Learjet Liberal!*

By D. Dolson Dolson

1

Colm Sonny-Larry is a brilliant and wealthy tech entrepreneur and Master of Route 128. He is a thoughtful and subtle intellectual. He believes that attaining TheCommonGood™ requires careful and deliberative ReasonedAssessment™, and he listens to the science.

Unfortunately, this country is now full of Deplorables.

They deprecate expertise.

They make no attempt at ReasonedAssessment™

2

Colm Sonny-Larry is a fiercely independent thinker, but that does not mean he fails to give due consideration to the opinions of others.

I find that the perspectives of both George Clooney and Lady Gaga serve as good starting points.

Diversity is strength.

3

But what happens when the experts disagree?

$P = NP$

$P \neq NP$

There appears to be no way to reconcile the perspective of Billie Eilish with that of Chappell Roan!

4

There is only one way to resolve the conundrum.

One must consult the works of Aaron Sorkin

There is useful guidance in both Season 1, Episode 2 and Season 2, Episode 1 of *The West Wing*!
